

PRODUCT DATA SHEET

Product Description: Designed for offices, schools, hospitals, apartments, hotels, and other public buildings, this device fits doors 33"–36" x 84" with an optional top rod extension up to 10'. It requires a minimum 3-1/2" stile width and fits standard 1-3/4"–2" thick doors (2-1/4" optional). Constructed with a zinc latchbolt and satin stainless steel latchbolt spring, it meets UL 305 panic hardware standards. Available finishes include painted aluminum, dark bronze, black, or satin stainless steel (US32D). The center case cover is zinc alloy, strikes are steel or zinc (8100/F8100 Series), and handing is reversible.
